

Margarita Savonevskaya

Frontend Developer (React)

margarita.savonevskaya@gmail.com • +375293719189 • [LinkedIn](#) • Minsk, Belarus

Skills

Frameworks & Routing: React, React Router 7, TanStack Router, Vue.js, Next.js

APIs & Runtime: Axios, REST API (Postman)

State Management: Redux Toolkit(RTK Query), Context API

Build & Quality: npm, yarn, ESLint, Prettier, Husky, Stylelint

Styling & UI: HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI, Vuetify

Design: Figma, Adobe Photoshop

Testing: React Testing Library, Vitest, Jest

i18n & Deployment: Internationalization (i18n), Netlify, Firebase, CommerceTools

Databases: SQL, PostgreSQL, MySQL, SQL Server, Visual Paradigm, MySQL Workbench

Tools & Optimization: Vite, Lighthouse, React/Redux DevTools

CMS: WordPress, Joomla

Education

Faculty of Information Technology and Management, Belarusian State University of Informatics and Radioelectronics

Country

- Subjects: Software Design Technologies, Internet technologies and web programming, Systems Analysis and Operations Research, Mobile Applications for Information Systems, Database Management Systems

Projects

REST Client Application, Full-stack API testing tool

TypeScript + React | [GitHub](#):

- Built production-ready REST API client (Postman alternative) with real-time request/response visualization
- Implemented advanced features: request history, environment variables, authentication (Firebase), syntax highlighting
- Used React Router 7, Redux Toolkit + RTK Query, Tailwind CSS
- Deployed on Netlify with 100% Lighthouse performance score

eCommerce Application, Modern online store

TypeScript | [GitHub](#):

- Created full-featured eCommerce platform with product catalog, cart, checkout, and user authentication
- Integrated CommerceTools headless CMS
- Implemented i18n internationalization, payment processing, and advanced state management
- Achieved Core Web Vitals optimization (LCP < 1.5s, CLS < 0.1)

Experience

Softarex Internship

June 2025 – July 2025

Pexels Clone:

- Developed responsive single-page photo gallery (Pexels clone) using modern React 18 + TypeScript stack
- Implemented image search functionality with REST API integration (Axios) and infinite scroll
- Applied Tailwind CSS for pixel-perfect responsive design across desktop/mobile devices
- Used Vite build system + GitHub for version control and CI/CD workflows

Certifications

JavaScript/Front-end 2024Q4, The Rolling Scopes School	Jun 28, 2025
React 2025 Q3, The Rolling Scopes School	Sep 26, 2025

Languages

English(B1), Russian(C2)
